1. **Star Wars The Clone Wars (movie)** – As more star systems get swept into the Clone Wars, the valiant Jedi knights struggle to maintain order. Anakin Skywalker and his Padawan learner Ahsoka Tano embark on a mission that brings them face-to-face with Jabba the Hutt.
2. **Star Wars The Clone Wars (series)** – The first weekly TV series from Lucasfilm Animation chronicles the adventures of Anakin Skywalker, Yoda, Obi-Wan Kenobi and other popular characters from the “Star Wars” universe during the violent Clone Wars, as dwindling numbers of Jedi knights struggle to restore peace.
3. **Jedi Junior High** – In 2009, students of all walks of life at the Arts & Learning Children’s Conservatory in Anaheim, CA set out to produce their own live musical parody version of Star Wars: Episode V – The Empire Strikes Back (1980), as interpreted through their young talents. Follow the young actors, artists, musicians (and a few supervising adults) as they audition, rehearse and perform their take on this classic film.
4. **I Am Your Father** – David Prowse was a bodybuilder and actor who famously portrayed the role of Darth Vader. However, unlike most Star Wars stars, he was relatively obscure since James Earl Jones dubbed Vader’s voice. The story begins when a young filmmaker travels to London to propose that Prowse reshoot scenes from the trilogy. Their goal was to prove that Prowse could have played Darth Vader in that particular scene. In a symbolic way, the director, assisted by a group of enthusiastic fans, will try to give Prowse the recognition he never had. In this documentary, the directors will find some clues about the difficult relationship between Prowse and Lucasfilm. Apparently, the reason for their differences was an article published by a British newspaper during the shooting of Return of the Jedi.
5. **Elstree 1976** – This 2015 documentary film is about the making of the original Star Wars film and the legacy that it left behind.
